RE: Case No. ~~73000263~~ 73,263

To the Clerk of the Court:

The undersigned counsel acknowledges the need for a consolidation of the Offer of Judgment Rules and Statutes. The best vehicle would be for an amendment of Florida Rules of Civil Procedure 1.442. However, the proposed rule as it appeared in the Florida Bar News on November 15, 1988 would not provide sanctions which would encourage settlement. The proposal would only impose a 15% penalty for a failure to accept an Offer of Settlement. The sanctions as provided in Florida Statute §45.061 and §768.79 are more appropriate.

Furthermore, the undersigned counsel concurs with the time requirements, form of offer, service, acceptance, and the withdrawal of offer provisions. Finally, the applicability provision in sub-paragraph (a) would be more specific if it tracked the language contained in Florida Rules of Civil Procedure 1.442, to wit:

> "the money or property or to the effects specified in his offer ..."

This language would allow the Offer of Judgment to apply to actions involving other than money damages.

Very truly yours,

H. M. GLADSTEIN
