Dear Mr. Orrick,

I have submitted my comments Re: Code of Judicial Conduct Supreme Court Case # 81,685 as concerns "A traffic magistrate revisions".

This revision is very good as it puts on notice that any judge or lawyer who is crooked and influenced must not put any arrangements in writing.

Congressman Larry Smith has discovered this in a small infraction arrangement with a crooked law partner. Stupidity not Judicial ethics or infractions must deal with to the full extent of the Florida Bar's "sweetheart" Grievance machinery. It happened with Captain Dreyfus during the French 1800 era.

Judges must accept the bribe or promise of Political influence favor (as in the case of Feigin vs "Broward Political Boss" Platt et al) under the table.

In 4th DCA case No. 92-01815 Feigin vs. Platt et al the above was proven as follows:

- 1- Three Crooked and/or influenced Judges ruled against Feigin Per Curiam affirmed.
- 2- Feigin attempted to represent himself, pro Se. so that he could have honest judges over-turn the three crooked judges in a rehearing en banc and/or certification. The Clerk of the Court assisted the ex-attorney for Feigin to stay on so that he could act against his clients best interest. This inspite of a written agreement and mutual oral termination of their client attorney relationship.

"this violated Feigin's Civil rights as guaranteed by both the U.S. And Florida Constitutions."

In Florida Supreme Court Case of Feigin vs Platt et al Case # 82,228 the august Court ruled that it could not have jurisdiction in a case of this insignificance. The Florida Judicial Qualification Commission's Brooke S. Kennerly stated that her Commission could not act in this matter as it only concerns a few crooked judges.

For an Honest Judiciary..finally,
