Re: Petition to Amend Rules 2-11.1 and 4-13.2 of the Rules of the Supreme Court Relating to Admissions to the Bar  
Petitioners: The Orange County Bar Association & Thomas B. Drage, Jr., Esq. Case No: SC02-2354

Your Honors:

My name is Bart A. Brink and I have been a member of the Florida Bar for 3 years, my license number is 0363080. I am writing today to express my strong support in favor of the above-referenced petition.

It would appear to me that the intent behind the current rules relating bar admission is to ensure that the candidates taking the bar exam have graduated from a law school that has met certain standards. While I agree it is important to ensure a high level of education, the rules have not changed to reflect changes in the ABA accreditation process, and as a result have harmed over 100 men and women. In 1999 the ABA began changing its accreditation process. Florida's rules relating to the definition of "accredited" and "educationally qualified" have not been substantially altered since the early 1970's. As a result, Barry's first three graduating classes were denied bar licenses because Florida's rules still follow the prior ABA accreditation process.

It is for these reasons I strongly urge this court to adopt either of the two proposed rule changes set forth in SC02-2354, to allow graduates from Barry University School of Law and law students at other in-state law schools the opportunity to enter this noble profession and work for the citizens of Florida.

Sincerely,

Bart A. Brink
