**Re: *Petition to Amend Rules 2-11.1 and 4-13.2 of the Rules of the Supreme Court Relating to Admissions to the Bar***  
***Petitioners: The Orange County Bar Association and Thomas B. Drage, Jr., Esquire/Case No.: SC02-2354***

Dear Your Honors:

This letter is in full support of the above-referenced petition. I am a sixteen (16) year member of the Florida Bar, license number: 0664197.

My understanding of the ABA accreditation process is somewhat limited, but it is my understanding that their remand procedures began to evolve over a period of time between 1999 and 2001. Currently, the House of Delegates of the ABA does not have the authority to make the final decision to whether a law school gains provisions ABA accreditation – then can only remand back to the Council of the ABA Section of Legal Education and Admissions to the Bar for reconsideration. This change has resulted in a glaring disconnect between this Court's 12 month rule and the ABA appellate process.

I respectfully urge this Honorable Court to act swiftly and surely to conform its rules to comply with the reality of the ABA's accreditation process. Furthermore, I respectfully urge this Honorable Court to make certain that any law students/alumni from Barry University caught up in this conflict in the rules should be afforded full relief in the form of the release of the bar scores and, where appropriate, admission to the Florida Bar.

Thank you for your consideration in this regard.

Sincerely,

Daniel N. Brodersen
