Re: Petition to Amend Rules 2-11 and 4-13.2 of the Rules of the Supreme Court Relating to Admissions to the Bar
Petitioners: The Orange County Bar Association & Thomas B. Drage, Jr., Esq.
Case No.: SC02-2354

Dear Your Honors:

I am a Florida Bar member for some time and I am writing you today to express my support for case number SC02-2354.

As a practicing member of the Bar, I was pained to learn that 109 of the pioneers of Barry University School of Law had to return to law school for two years to enable them to sit for and receive their results from the Florida Bar Exam.

While I understand the courts prior decisions regarding a 12-month rule for educational qualifications under the old ABA Standards for Approval of Law Schools, the rule in my opinion does not follow the new ABA Standards for Approval of Law Schools. Under the new standards, a school that receives a negative recommendation from the ABA Council to the Section of Legal Education can have its application tied up in appeals for 3 years, potentially eliminating two years worth of graduates from ever taking the Florida Bar exam. The current petition before this court would create a time fame for students at Florida law schools, who are caught in a similar situation to the

Barry graduates, time to allow their respective schools to the appeals process created by the ABA.

I strongly urge this court to adopt either of the two proposed rule changes set forth by the Orange County Bar Association and Thomas Drage, et.al., to allow the graduates from Barry University School of Law and the law students at other in-state law schools the opportunity to enter this noble profession and work for the citizens of Florida.

Respectfully,
