Re: Petition to Amend Rules 2-11.1 and 4-13.2 of the Rules of the Supreme Court  
Relating to Admissions to the Bar  
Petitioners: The Orange County Bar Association & Thomas B. Drage, Jr., Esq.  
Case No: SC02-2354

Your Honors:

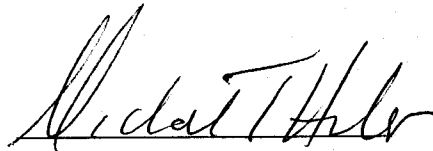

My name is Michael Hulse. My title  
is A student. I currently reside in  
Pinellas County, Florida. I am writing to you to express my strong  
support for the above-referenced petition.

I understand that the current rules relating to bar admissions are in place to ensure that law school graduates taking the bar exam have graduated from an academically proven law school. Although I agree it is of utmost importance to set high standards of education for law schools, I also think it is important to modify the rules of accreditation when the process changes significantly. It is my understanding that in 1999 the ABA began changing its accreditation process. Specifically, Florida's rules relating to the definition of "accredited" and "educationally qualified" have not changed substantially since the early 1970's. As a result, Barry University School of Law's first three graduating classes were denied access to the FL Bar.

Additionally, I understand that Florida has recently gained two new law schools, FAMU and FIU. I am hopeful that this Court will modify the 12-month rule to protect students currently embarking on a legal education at new schools. Students who seek to enter this honorable profession should not be categorically excluded because the archaic rule does not comport with the ABA accreditation process.

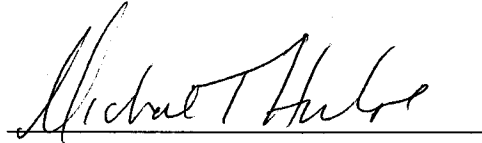

I request that this Court adopt and implement one of the proposals submitted by petitioners so that the 12-month rule is modified to reflect the current ABA accreditation process. Thank you for your sincere consideration of this request.

Respectfully Submitted,

Certificate of Service
