Re: Petition to Limit Medical Malpractice Contingency Fees
Case No. SC05-1150

Dear Sir:

I wish to give you my opinion on the Grimes' petition in regards to Rules Regulating The Florida Bar.

I believe the Grimes' petition misinterprets the provisions of Amendment 3 and will ultimately limit a claimant's rights with respect to damages in medical malpractice cases.

I think it is wrong for the court to tell me how much I can pay an attorney for services I contract for and should the court limit us in this field, what will be next?

Should the Supreme Court feel that this is a legitimate petition, I think the public would be best served by litigating the matter so that all parties can be heard which is the basis of our constitution.

Thank you for your time and consideration.

Very truly yours,

Donna M. Burroughs
